

C1  
Concl

97. The method of generating a multicarrier signal recited in claim 96 wherein providing for coupling the carrier signals to a communication channel includes providing for processing the carrier signals by a plurality of transceiver elements.

---

**REMARKS**

The requested amendments are not matters of substance and they will require very little consideration by the examiner.

A typographical error in the specification was corrected.

64 Dependent Claims were added.

Very Respectfully,

Steve J. Shattil
